

# Girgarre Solar Farm – Monthly Project Update

**July 2024**

## **Construction Update**

Construction works onsite at the Girgarre Solar Farm are progressing well. Construction of the Operations and Maintenance building continues as well as other works onsite.

The substation construction works have been completed and Girgarre Solar Farm has moved onto a testing phase of all systems. This involves extensive testing across the site and commissioning of the power plant. The [‘First Power Export’](#) of Girgarre Solar Farm to the power grid is an important milestone achieved in late June. Extensive testing will continue throughout the commissioning phase until early 2025.

Beon Energy Solutions, the EPC Contractor for Girgarre Solar Farm, was awarded the [First Nations Engagement and Participation Award at the Clean Energy Council](#) last week. This award recognises their proactive efforts in engaging 31 local First Nations team members during construction phase for the project.

The Hon. Minister D’Ambrosio, Minister for Climate Action, Minister for Energy and Resources, and State Electricity Commission visited the Girgarre Solar Farm in July to tour the construction progress.

Representatives of the Campaspe Shire Council have also attended site for an educational visit on large scale renewable projects in July.
