Potentia Energy Background:

Potentia Energy (previously Enel Green Power Australia) is a joint venture entity co-owned by Enel Green Power and INPEX.

Potentia Energy currently owns and operates 899MW of renewable assets and 226MW under construction. The company has also secured a pipeline of 8+ GW across all technology types and jurisdictions.

In addition to the above, the company has also recently acquired controlling stakes in a significant portfolio of over 1 GW renewable assets across Australia.

The geographically and technologically diverse portfolio comprises approximately 700 megawatts (MW) of operational wind and solar assets alongside more than 430 MW of late-stage developments.

Project Background:

Potentia Energy is proposing the development of the Capricorn BESS project located at Burnett Hwy Bouldercombe, QLD. ~ 2.5 km north of Bouldercombe QLD. The Capricorn BESS will have a proposed capacity of 300 MW, with a storage duration of up to 4 hours, enabling it to store excess renewable energy when supply exceeds demand and dispatch it back into the grid during peak periods.

The project is currently in the development phase, with environmental studies, stakeholder engagement, and planning approvals underway. Potentia Energy is committed to working closely with local communities, Traditional Owners, elected representatives, and relevant authorities to ensure the project delivers shared value and long term regional benefits.

Introduction

Capricorn BESS takes all complaints seriously and aims to acknowledge and resolve complaints in a timely manner.

What is a complaint and who can make a complaint.

A complaint is an expression of dissatisfaction made to or about Capricorn BESS, related to its services or staff, where a response or resolution is explicitly or implicitly expected or legally required.

We acknowledge that anyone has a right to lodge a complaint, and we will ensure that all the complaints we receive will be managed respectfully, objectively, and efficiently. At times, clarification may be required regarding whether a stakeholder is lodging a complaint rather than an enquiry.

How to lodge a complaint

- Project webpage online form: <https://potentiaenergy.com.au/project/capricorn-bess/> selecting 'Complaint' in the 'Type of enquiry' field
- Email: communications@potentiaenergy.com.au
- Call: 1800 841 640
- Writing to Potentia Energy: Suite 23.05, One International Towers 100 Barangaroo Ave, Sydney NSW 2000.

What happens after a complaint is lodged

Where complaints are received in person, via telephone or email, we aim to provide an acknowledgement and initial response immediately if possible, or the next working day. Where complaints are received by post, we aim to provide acknowledgement and initial response within five working days.

Following this, the project team will assess the complaint and coordinate an investigation (if required) and propose resolution measures. We aim to communicate the results of investigations and proposed resolution measures within five working days.

Communication of the resolution should typically include:

- Actions taken in response to the complaint
- Outcome(s) of the complaint
- Rationale for any decisions made
- Proposed resolution
- Request for feedback from the complainant as whether the information provided has resolved their complaint, and
- Information on escalation options available to the complainant if required.

Further investigation of complaints

Where a complainant believes a complaint has not been resolved satisfactorily, the following escalation pathways may be explored:

Rockhampton Regional Council

- Website: <https://www.rockhamptonregion.qld.gov.au/Home>
- Email: enquiries@rrc.qld.gov.au
- Phone: 07 4932 9000
- Post: PO Box 1860, Rockhampton, QLD, 4700

Department of Environment, Science and Innovation (DESI)

- Website: <https://www.qld.gov.au/environment>
- Email: <https://www.detsi.qld.gov.au/contactus>
- Telephone: 13 74 68
- Post: GPO Box 2454 Brisbane QLD 4001

Office of the Australian Energy Infrastructure Commissioner

- Website: www.aeic.gov.au
- Email: aeic@aeic.gov.au
- Telephone: 1800 656 395
- Post: PO Box 24434 Melbourne VIC 3001

Complaints Register

All complaints will be recorded within an internal Project Complaints Register. This register may be made publicly available and may be provided to regulatory bodies as appropriate. Personal information will be stored and shared in accordance with relevant privacy legislation.

The Complaints Register will include the following details:

- The complainant's name and address (if provided)
- The time and date of the incident
- A receipt number for each complaint
- A description of the complainant's concerns
- The process for investigating the complaint, and the outcome of the investigation, and
- The actions taken to resolve the complaint.
